ELIZABETH CITY STATE UNIVERSITY

mission

Elizabeth City State University, a constituent institution of The University of North Carolina, offers baccalaureate programs in the arts and sciences, professional and pre-professional areas, as well as master's degrees in selected disciplines.

Originally an institution for African-American students, the university's rich heritage provides a strong background for its increasingly multicultural student body. By providing a challenging, student-centered learning environment, the university prepares its students for responsible participation and leadership in an ever-changing world.

Thorough teaching, research, and community outreach, the university is a valuable resource for developing the intellectual capital of the state and the nation and for addressing the environmentally sensitive economic needs of northeastern North Carolina.

MESSAGE FROM THE CHANCELLOR MICKEY L. BURNIM, Ph.D.

Greetings, Vikings!

I salute you all for completing another outstanding year at Elizabeth City State University, one where student accomplishments and achievements clearly outweighed any adversities. You demonstrated characteristics for which ECSU Vikings have become known—excellence and pride. As an integral part of the university community, you ensured that our 115th anniversary of the institution's founding in 1891 was in keeping with tradition, honoring ECSU's proud past and setting the tone for an even greater future.

During the academic year 2005-2006, the university continued to build on its rich legacy of success in keeping with the vision of its founders. For the fourth consecutive year, we reached the highest enrollment in the history of the university, enrolling a beautiful mosaic of students with diverse backgrounds and experiences. We dedicated the new Student Center in honor of the fifth president and first lady, Dr. Walter N. Ridley and Mrs. Henrietta B. Ridley. After much anticipation, we opened the newly renovated Johnson Hall to the delight of our Department of Language, Literature and Communication. In addition, we expanded our degree offerings, which included a Doctor of Pharmacy degree in partnership with the University of North Carolina – Chapel Hill. Even more important, we continued to make our mark nationally for having the highest graduation rate among our peer institutions. Our signal accomplishments, no doubt, add relevance to your theme that this has been “**A Year Like No Other.**”

So, to the graduates of fall 2005 and spring 2006, we are proud to count you among our success stories. You have worked hard to help us bring about many positive changes on our campus. Indeed, your talents, gifts, and *Viking pride* are a testament to our enhanced status in the higher education community nationwide.

As you pursue the next level of education or your career, we challenge you to carry high the banner of the Mighty Vikings. Let ECSU's rich legacy and the lessons learned at this great university be your guidepost for “living and learning” in the 21st century.

Best wishes for a successful future, and keep in touch!

Sincerely,

Mickey L. Burnim

There Goes An Alpha Man

Peter Clarke

There goes a man of high impulse, of princely mien and grace.
There goes a man of humble faith, a credit to his race.

There goes a man of conscious vast, with the will to reach his goal.
There goes a man with lordly rank of heroes stock and soul.

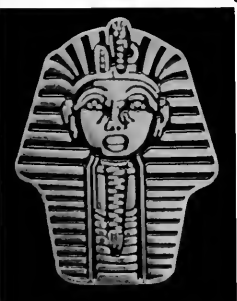

There goes a man of noble cast whom hardship cannot break.
There goes a man in merit clad, whom duty won't forsake.

There goes a man of culture verse, who holds a sportsman's creed.
There goes a man too vigilant to bow to lust or greed.

There goes a man whose life is spent in service, not in scorn.
There goes a man whose majesty shines like a maytime morn.

There goes a man who is a friend to love and duty truth.
There goes a man to help uplift the lives of wholesome youth.

There goes a man with industry and faith at his command.
There goes the best man in or out for he's an Alpha Man!!!

What is an Alpha Kappa Alpha Woman?

Alpha Kappa Alpha Mystique

Beauty unparalleled, grace undefined,

An Alpha Kappa Alpha Woman is one of a kind.

She walks in a room with her head held high,

Acknowledgement of her presences is an awe-filled gaze, or admiring sigh.

The Alpha Kappa Alpha Woman is regal and profound.

She is the essence of feminism and these qualities abound.

The Alpha Kappa Alpha Woman is honorable and oh so unique.

All of these qualities culminated,

Created the Alpha Kappa Alpha Mystique.

Original

Original, by definition, means pertaining to the Source,
Well when you speak of the Original Woman, you are speaking of me,
of course.

See - I am the AKA, the First and Finest for All to Behold.
I change Black Women to Black Pearls, I am 90 years old.
By merit and by culture is the motivation behind my strides,
An Alpha Kappa Alpha Woman will always Walk with Pride.

You see, being the Original Woman is not my only claim to fame,
Service to all Mankind is my most esteemed aim.

I am the Original, giving consistently of myself,
Addressing pertinent issues, from AKAdemics to good health.

Who made a commitment to do good,
A commitment to my people and to my Sisterhood.

I am the hope and the dream of the impoverished and unclean,
When I grace the room you know the Pink and Green is on the scene.

I am intelligent, beautiful, finest yet and sophisticated,
A strong black woman, college trained and widely educated.
One time originated, three times imitated, but never, ever duplicated

I represent Alpha Kappa Alpha Sorority, Incorporated!!!!

THE KAPPA MAN

AND God said.....I'll make me a man,
A man of Courage, A man of Dignity,
A man who is able to become all that is said,

I'll make him in the color of valor:

Krimson Red

A man with Gleam, A man of Wisdom,
A man who is able to fulfill every woman's dream,
I'll make him in the color of Integrity:

Kappa Kream

A man who consists of no ends or boundaries,
A man who is wise in all his decisions,
A man who has the willingness to achieve,
And the knowledge to obtain every goal,
I'll make a man that compels of no sin,
And God said,

I'll start this group of men with ten!

Men of Strength, Men of Love,
Men who are worthy of treasures from above,
Men who are as radiant as diamonds in the sky,
And God said, I'll make a man
And I'll call him a KAPPA Man

Omega Is

Omega is a beacon of hope

Omega is broadening ones scope

Omega is giving when there is a need

Omega is being exemplary in your word and your deed

Omega is every brother caring

Omega is every brother sharing

Omega is Cooper, Coleman, Love and Just

Omega is taking a stand whenever you must

Omega is earnestly facing life day by day

Omega is being prudent in what you think and say

Omega is this feeling we have of kin

Omega is knowing when to compromise and when to bend

Omega is that mighty purple and gold

Omega is that something that strengthens your soul

Omega is knowing your own true identity

Omega is an ideal that hopefully will extend throughout infinity

The Heart of A Sigma Man

The heart of a Sigma is cunning, bold, loving, and true.

Not red, pink, or green but the extravagant
ROYAL BLUE.

It's as beautiful as the sky on a clear summer night.

The crescent moon and stars; the coalition of
BLUE and WHITE.

The heart of Sigma is challenged daily and is often
misunderstood.

But still won't be denied the title of the
Epitome of Finer Womenhood.

Our bond is inexplicable, there is none
greater.

The heart of a Sigma is none other than a
ZETA.

What is a Zeta Lady?

A Zeta Lady is strong and determined.

There are no forces of human power that can stop her.

A Zeta Lady means that she can be her own entity.

There is no hatred in her heart.

Being a Zeta Lady mean that God is the center of her life.

Her body is the housing of the hold spirit.

A Zeta Lady is love, for she is able to generate and receive love.

She is peaceful, kind, and understanding.

Being a Zeta Lady means giving of herself to others, asking for nothing in return.

She is willing to sacrifice her own life for the liberation of God's people for His name's sake.

Whatever she may accomplish, it's for the glorification of God's Kingdom.

A Zeta Lady is creative and productive.

God is the source of her strength.

Being a Zeta Lady mean that she can be the very best that she can be.

Finer Womanhood is a gift from God.

She knows that if she died this instant, all would be well with her soul.

Finer Womanhood means wholeness in spirit, mind, and body.

A Zeta Lady is an asset to her home, church, and community.

A Zeta Lady has a positive attitude.

A Zeta Lady tells herself that she is beautiful.

Words cannot express the pain we feel to have lost a Viking. You and your family will remain in our prayers, hearts, and minds.

Your ECSU Family

Jesus said to her, "I am the resurrection and the life. He who believes in Me will live, even though he dies; and whoever lives and believes in Me will never die."

CREStS CENTER FOR REMOTE SENSING OF ICE SHEETS

[HTTP://CERSER.ECSU.EDU/CRESIS/](http://cerser.ecsu.edu/cresis/)

[HTTP://CRESIS.KU.EDU](http://cresis.ku.edu)

The Elizabeth City State University (ECSU) Center of Excellence in Remote Sensing Education and Research (CERSER) has been selected as a partner along with several other institutions by the National Science Foundation (NSF) to establish a new Science and Technology Center (STC) with the University of Kansas. This partnership is intended to develop models and technology to arrive at a better understanding of the mass balance of polar ice sheets. The Center for Remote Sensing of Ice Sheets (CREStS) will study how this mass balance affects the rising sea level that glaciologists have observed. Dr. Linda B. Hayden, Director of The Center of Excellence in Remote Sensing Education and Research (CERSER), leads ECSU's effort in this partnership. Dr. Prasad Gogineni at the University of Kansas serves as the Director of the Center for Remote Sensing of Ice Sheets (CREStS).

GOALS

- To perform a three-dimensional characterization of rapidly changing ice sheet regions using geophysical sensors.
- To contribute to improvement of Intergovernmental Panel on Climate Change (IPCC) assessment of future sea level change.

OBJECTIVES

- Identify areas of the polar ice sheets undergoing significant changes and targets of intensive field investigation.
- Document existing data and identify observational and technological requirements.
- Design and develop technologies for collecting necessary data.
- Conduct field investigations to collect required data sets.
- Analyze and distribute data, making use of the National Snow and Ice Data Center (NSIDC) and other archives.
- Develop and refine models, and assimilate data into models that simulate past and present behavior and predict future changes.
- Involve undergraduate/graduate students in research activities.

CORE PARTNER INSTITUTIONS
 Elizabeth City State University
 Haskell Indian Nations University
 The Ohio State University
 Pennsylvania State University
 University of Maine

INTERNATIONAL PARTNER INSTITUTIONS
 University College of London
 University of Copenhagen
 Denmark Technical University
 University of Tasmania

GOVERNMENTAL PARTNERS
 NASA Jet Propulsion Laboratory
 NASA Goddard Space Flight Center

INDUSTRIAL PARTNERS
 Sprint Corporation
 Lockheed Martin Corporation
 Space Computer Labs
 Kansas City Plant

NATIONAL SCIENCE FOUNDATION

The National Science Foundation (NSF) supports basic research and education across all disciplines of science and engineering. The goals of the STC program incorporate developing a helpful means for lasting scientific and technological research and education. The STC program supports proposals it considers as important investigation at where research disciplines intersect.

INTERNATIONAL POLAR YEAR 2007-2008

The International Polar Year (IPY) 2007-2008 is envisioned as an intensive, coordinated campaign of multi-disciplinary scientific observations, research and analysis that will dramatically expand our understanding of the Arctic and Antarctic regions -- including their relationship to the global ecosystem -- and provide unprecedented insight into how societies in high northern latitudes are coping with environmental change. The White House has designated the National Science Foundation (NSF) as the lead U.S. federal agency for IPY. NSF manages the U.S. Antarctic Program, which coordinates all U.S. research in Antarctica.

UNDERGRADUATE RESEARCH EXPERIENCE IN OCEAN, MARINE, AND SPACE SCIENCE

The URE OMS program objective is to promote the professional development of minority undergraduate students through their participation in ocean and marine science research. Each student was assigned to a specific research team, where they worked closely with the faculty and staff. The project was conducted for eight weeks during summer 2005, with on-line mentoring and follow-up during the academic year.

Research Titles and Team Members

Spatial-Explicit Growth Rate Model of Young Striped Bass in Albemarle Sound: Implications on Essential Fish Habitat (EFH) Using GIS - Brittany Green, Quinlon Moore, Jameson Gibbs | Mentor: Dr. A. Overton

Migratory Bottlenose Dolphin Movements and Numbers Along the NW-Atlantic Coast and Their Correlation with Remotely Sensed Chlorophyll-*a* and Sea Surface Temperature - Patricia Armstrong, Chantice Armour, and Chafers Morley | Mentor: Mr. R. Post

Signal Processing and PDA-based Calculator for the Synthesis of a Sport - Tremon Royal | Mentor: Dr. P. Boppre

Developing the Economic Potential and Surface Turbulence, Chlorophyll Concentration, QuikSCAT Wind Data and the Formation of Coastal Currents and Chlorophyll Blooms in the mid-Atlantic - Danyal Thomas, Sadeeq Bello | Mentors: Dr. A. Zhang and Mrs. E. Sankin

Analysis of the Economic Potential of North Carolina's Coastal and Inland Shrimp - Kaylan Williams | Mentors: Dr. A. Field, Dr. A. Sankin

Using Remotely Sensed Sea Surface Temperature and Chlorophyll-*a* Data to Assess - Jerome Johnson | Mentor: Dr. P. Boppre

Characterization of Environmental Assessment of Potential Lead Contamination from an Army Base in the Coastal Region of Virginia - Anthony Williams | Mentors: Dr. P. Boppre, Dr. A. Sankin, and Dr. J. San Juan

Remote Sensing of Oceanic Chlorophyll Concentration and Sea Surface Temperature - Anthony Williams, James Bello, Chantice Armour, Patricia Armstrong | Mentors: Dr. P. Boppre, Dr. A. Sankin, and Dr. J. San Juan

CERSER

CENTER OF EXCELLENCE
IN REMOTE SENSING
EDUCATION AND RESEARCH

The Center of Excellence in Remote Sensing Education and Research (CERSER) on the campus of Elizabeth City State University develops an innovative and relevant research collaboration focused on coastal, ocean, and marine research. This is accomplished in partnership with several government, educational, and private companies.

Activities include student research, guest lectures, interagency workshops, and research partnerships with various educational institutions. CERSER is also involved in the collection of remotely sensed Advanced Very High Resolution Radiometer (AVHRR) and Sea Wide Field-of-View Sensor (SeaWiFS) data which is utilized for research projects.

This year saw several training workshops, research meetings, and guest lectures. These included:

- The Fall Distinguished Lecture Series with Dr. Janet Campbell of the University of New Hampshire
- ERDAS WorkShop - Sponsored by Virginia State University, US Department of Agriculture
- Undergraduate Research Experience in Ocean, Marine, and Space Science 2005
- The Spring Distinguished Lecture Series with Dr. Scott Hensley of NASA's Jet Propulsion Laboratory

THE ALMA MATER

**To thee, dear Alma Mater; a tribute song
we sing
Of thy true worth to all of us
Oh, may we honor bring.**

CHORUS

Hail to thy lovely halls.

ECSU

We'll hear when duty calls

ECSU

Faithful and ever true, we'll be to you

For in our hearts we'll still love thee

ECSU

So now we'll join together

For thee, O state to work

Let none of us be faint at heart

Nor any duty shirk.
